AVAILITY UPDATE: COUNTDOWN TO FEBRUARY 5 TRANSITION

Are you and your team prepared? Because **February 5, 2024**, will be here before you know it. That's the date of **General Availability** when all Highmark providers will have access to [Availity®](#) .

How to Get Ready

1. **Already Registered with Availity** – If you already have an account, that's great! Start using Availity now for your Highmark transactions in the regions where you are contracted.
2. **Not Sure If Your Organization Is Registered** – Ask your office manager. If your organization is registered, your Availity Essentials administrator can create an account for you.
3. **Not Registered** – If your organization doesn't have an account, [register](#)  for Availity **today**. By signing up now, you and your team will be ready to start using Availity on February 5.

Please note that Availity takes the confidentiality of patient and provider data very seriously. It's one of the reasons Highmark chose to work with Availity. Before you can register your organization, Availity will first verify your identity with a few questions unique to you to prevent imposters from accessing protected health information (PHI) and financial data.

Registration Resources

- [Availity.com/Highmark](#) 
- [Register and Get Started](#) 
- [Sign-Up Tips for Primary Administrators](#) 
- [Data Privacy FAQs](#) 
- **Training**
 - *Live Session* – [Wednesday, January 3, 2024 @ 3:00 – 3:30 PM ET](#) 
 - *Recorded Session* – Go to the [Get Started](#)  page and scroll to “I want to view a recording of the live session.”

For additional assistance, call **800-AVAILITY** (282-4548) Monday through Friday from 8 a.m. to 8 p.m. ET (excluding holidays).

Transition Checklist

Registration

- ✓ Does your provider office or facility have a registered organization in Availity?
- ✓ Have accounts been created for all team members in Availity?*
- ✓ Have all billing providers been added under your organization in Availity?

Resource:

- [Availity Essentials: Register Your Provider Organization](#) 

Training

- ✓ **Do you have team members who are unfamiliar with Availity?**

After you get your Essentials account, join us for free training hosted by Availity and Highmark trainers. **NOTE:** Registered users will receive an email invitation from Availity in January. Make sure to check your inbox.
- ✓ **Unable to attend live training?**

View recorded Training sessions in the Availity Learning Center. To access, log into Availity, select **Help & Training | Get Trained** and the Availity Learning Center opens. Type "Highmark" into the search field.

✔ **Be sure to review the Crosswalk from Highmark to Availity Essentials topic.**

This helpful resource will show you how to find all the tools and functions you need to work with Highmark on Essentials. To access, log into Availity, select **Help & Training | Find Help** and the Provider Help Center will open. Type “Highmark Crosswalk” into the search field.

Systems and Vendors

- ✔ Have you updated any internal systems connected to the NaviNet portal?
- ✔ Do you work with a third party, such as a billing service, clearinghouse, or service bureau?
- ✔ If yes, the vendor should register its own account by following the instructions listed [here](#) .

Transition Timeline

The transition to Availity will occur in stages. Here’s what you can expect going forward:

1. February 5, 2024

Availity will be available for all Highmark providers.

2. March 2024

Providers will no longer have access to NaviNet or HEALTHeNET (NY).*

**More information on the retiring of existing portal(s) will be distributed as it becomes available. If you don’t already receive emails for our provider newsletters, join our [eSubscribe list](#)  today.*

(Note: Highmark Wholecare and Highmark Health Options will not transition to Availity; providers should continue to use their current portals for transactions related to these plans.)

Availity is an independent company that contracts with Highmark to offer provider portal services.

NaviNet is a registered trademark of NaviNet Inc., which is an independent company that provides a secure, web-based portal between providers and health insurance companies.

PROVIDER NEWS

A newsletter for the Highmark Blue Shield providers in central Pennsylvania, the Lehigh Valley, northeastern Pennsylvania and southeastern Pennsylvania

Issue 12, December 2023

Highmark Blue Shield would like to welcome newly contracted providers located in Southeastern Pennsylvania (SEPA) who, effective **January 1, 2024**, will begin serving our commercial, Affordable Care Act (ACA), and self-insured members.

To help you get acquainted with working together, we would like to introduce you to some of the resources we have available to help you in your interactions with Highmark and our members.

Provider Portal: Availity

Highmark Blue Shield uses Availity Essentials as its provider portal – a resource for providers to assist in their transactions with Highmark. Through Availity providers can check eligibility and benefits, submit authorization requests, file claims, review payments from Highmark Blue Shield and more.

If you are registered for Availity with another payer, Highmark is now available to you. If you are not registered for Availity, you can do so today by [CLICKING HERE](#) .

We have a special section on our [Provider Resource Center](#)  dedicated to Availity. We are also offering the following live Availity training sessions for SEPA providers:

Please note: BlueCard claims for Highmark Medicare Advantage members should still be sent to Independence Blue Cross. The Highmark Blue Shield Medicare Advantage network will not be effective in Southeastern PA until January 1, 2025.

Training Session	Date/Time (ET)
<p>Availity Essentials Introduction and Authorization Workflow</p> <ul style="list-style-type: none"> • General Navigation • Manage My Organization • Eligibility and Benefits Inquiry • Payer Spaces with Authorization Workflow (Predictal) 	<p>Wednesday, January 3, 2024, 8-9 a.m.</p>
<p>Claim Submission Applications</p> <ul style="list-style-type: none"> • Claims Submission • Claims Reporting 	<p>Thursday, January 4, 2024, 12-12:45 p.m.</p>
<p>Claims Follow-Up and Payment Applications</p> <ul style="list-style-type: none"> • Claim Status • Remittance Viewer • Fee Schedules • Messaging 	<p>Friday, January 5, 2024, 8-8:45 a.m.</p>

If you are unable to attend one of the live training sessions above, you can find additional educational materials on Availity’s training websites:

- [Training Site For Highmark Providers](#) 
- [Explore Training Options for Highmark Providers](#) 

Provider Resource Center

Highmark's Provider Resource Centers contain helpful information and tools to assist you in your daily interactions with Highmark and its members. The sites contain information such as important announcements and updates, [prior authorization information](#) , [medical policies](#) , [provider newsletters](#) , [administrative manuals](#) , [pharmacy policies](#) , forms, and much more.

The website for Highmark Blue Shield is hbs.highmarkprc.com . We encourage you to become familiar with this extensive online resource.

There is even a special section for SEPA region providers, which you can find in the left-hand menu.

Some important recent communications for SEPA providers include:

- [New NAIC Code for SEPA Region Facility Claims Effective January 1, 2024](#)  (November 13, 2023)
- [BlueCard Changes for Southeastern PA](#)  (September 25, 2023)

New PRC Site Coming Soon

We are rolling out a new Provider Resource Center with easier wayfinding, improved readability of content, and a refreshed look and feel which better reflects Highmark's brand. A beta version of the site will be available on December 28, 2023. We'd like you to explore the new site and provide us with your feedback; however, our legacy [Provider Resource Center](#)  should be your main source of information until we complete our transition to the new site(s). You can read more about the new PRC [HERE](#) .

Provider Service

Highmark Blue Shield's dedicated Provider Service number is up-and-running and accepting phone calls. Clinical Service Representatives are also ready to handle calls from SEPA providers.

Provider Service	844-945-5525
Medical Clinical Service	800-452-8507
Behavioral Health Clinical Service	800-628-0816

You can also find those numbers on our [Contact Sheet](#) , which you can bookmark for easy access.

Thank you for joining our Southeastern Pennsylvania network and for providing care to our members. We are happy to have you as part of our Highmark family.

PROVIDER NEWS

A newsletter for the Highmark Blue Shield providers in central Pennsylvania, the Lehigh Valley, northeastern Pennsylvania and southeastern Pennsylvania

Issue 12, December 2023

As part of Highmark’s long-term commitment to enhance the overall provider experience, we are rolling out a redesigned Provider Resource Center (PRC) in 2024.

The transition will take place in phases, starting with a beta site in January for the Highmark Blue Shield region in Pennsylvania. We encourage you to check out the new site and provide us with your feedback. That input will be used as we make enhancements to the site throughout the year.

“We’re excited to help our providers get the information that they need online through this redesign of our Provider Resource Center. We’re streamlining the content and information, making it easier to understand and more navigable,” said Stacy Byers, Senior Vice President of Digital Product & Design for Highmark Inc.

“We’re excited to help our providers get the information that they need online through this redesign of our Provider Resource Center. We’re streamlining the content and information, making it easier to understand and more navigable.”

— Stacy Byers, Senior Vice President of Digital Product & Design for Highmark Inc.

The redesign work includes consolidating the Provider Resource Center from six regional sites – one for each Highmark region – into a single site for all regions and all providers. The single PRC site will have improved navigation, more reliable search, and enhanced communication tools.

“The new platform will make it easier for Highmark to communicate critical updates to our providers, meeting them where they are and helping them complete their tasks so that they can serve their patients more effectively,” Byers said.

The goal is to develop a new hub of provider engagement that is simple, easy-to-navigate, personalized and gets providers and their office staff the information they need, effortlessly.

During the transition process, the current regional PRCs will remain available as the primary resource for providers.

The redesign of the Provider Resource Center is the next step in our continued improvement of self-service tools – tools that **reduce administrative burden, improve office workflows, and simplify complex transactions** – allowing providers to focus on delivering care to our members.

Since August, we’ve been transitioning our provider portal to Availity Essentials. All Highmark providers will have access to Availity on **February 5, 2024**. More information on the transition can be found in our special section on the [Provider Resource Center](#).

Issue 12, December 2023

SHORT TAKES:

High-Dollar Facility Claims, 100-Day Supply for Generics, and Sequela Code Errors

Acute Care Facilities: Itemized Bills Required for Local and Host Claims Starting at \$50,000

Providers will be required to submit itemized bills for high-dollar, inpatient care (costing \$50,000 or more) at acute care facilities, effective **February 6, 2024**, for both local and host (out of area) claims. This new requirement – the previous threshold was \$100,000 – is part of an initiative by Highmark to reduce billing and/or payment errors on high-dollar claims that occur both in-network (INN) and out-of-network (OON). For more information, click [here](#) .

Medicare Part D: Most Generics Available for 100-Day Supply in 2024

Effective January 1, 2024, Highmark is making some changes to the medications on our Medicare Part D formularies. These changes will ensure the safe and effective use of prescription medications while ensuring they are affordable for our members.

Most members with Medicare Part D coverage will be able to receive up to a 100-day supply for generic medications on Tier 1 and Tier 2 of Highmark's formularies. When appropriate, providers are encouraged to write prescriptions for this higher day supply. Some examples of Tier 1 or Tier 2 drugs eligible for a 100-day supply include Lisinopril, Metformin, and Atorvastatin.

To read the **Special Bulletin**, click [here](#) .

Claims Culprit: Sequela Code Errors Lead to Increased Denials

Highmark is seeing an uptick in claims with sequela code errors, resulting in increased denials for providers. To avoid this type of error, it is necessary to include both the original injury code that precipitated the sequela as well as the sequela code. **Reminder:** The sequela code can never serve as the primary or only diagnosis code; it must always be accompanied by the original injury or condition code. To learn more, go [here](#) .

MID Program Changes: Mandatory Drug Category to Be Eliminated

Effective February 1, 2024, professional providers will be able to buy and bill all drugs listed in the Medical Injectable Drug (MID) Program, as the mandatory category – which includes 36 drugs – will be eliminated. Starting **February 1, 2024**, all drugs in the MID program will be considered voluntary across all regions, for all lines of business. To read the **Special Bulletin**, click [here](#) .

New Clinical Support Programs for 2024

In support of our [Living Health](#)  strategy, we're providing a preview of our new and expanded clinical support programs for eligible Highmark members in 2024.

These programs are intended to address unmet need, help with self-management, and offer timely access to care for specific conditions and in-demand specialties, so your patients can get high-quality, convenient care after hours and in between office visits.

New programs for 2024 include:

Highmark Mental Well-Being Powered by Spring Health

Highmark Mental Well-Being, powered by Spring Health, is a high-quality mental and behavioral health care solution. The program offers expanded and timely access through customized interventions for eligible Highmark members (and their dependents ages 6+) from low-acuity wellness needs to high-acuity conditions.

Highmark Mental Well-Being provides access to an expanded network of over 6,000 behavioral health providers who use evidence- and measurement-based care to develop a customized care plan for each member based on a digital assessment. Appointments for therapy and medication

management are typically available within three business days. Members will also have access to a 24/7 crisis line. A digital referral form to the program will be available by January 1 on the Provider Resource Center.

CHF and COPD Management Powered by Vida

CHF and COPD Management, powered by Vida, is a virtual, personalized health program for patients with congestive heart failure (CHF) and/or chronic obstructive pulmonary disorder (COPD). The program is designed to support patients between office visits through self-management and prioritizes medication adherence and improving health outcomes. Eligible Highmark members can engage through a smartphone, tablet, or computer to receive self-guided education and virtual one-on-one health coaching when it's convenient for them. The program may also provide your eligible patients with monitored, no-cost devices.

Virtual Physical Care Program Powered by Sword Health

Highmark's Virtual Physical Care Program, powered by Sword Health, helps your patients manage musculoskeletal pain. Patient care is provided by licensed physical therapists and members receive wearable sensors and personalized exercise program. The program applies to all major joints including lower back, shoulder, neck, elbow, hip, knee, ankle, and wrist and can address acute, chronic, pre- and post-surgery pain and rehabilitation needs at no cost to members. **This program will expand eligibility to fully insured commercial patients starting January 1.**

Well360 Virtual Health Powered by Amwell – Dermatology Clinic

In addition to our current Well360 Virtual Health Urgent, Behavioral Health and (new for 2024) Primary Care clinics, Well360 Virtual Health Dermatology clinic provides eligible patients with expanded access to high-quality providers for dermatological care. The virtual dermatology clinic lets patients share skin, hair, and nail concerns with one of more than 160 certified dermatologists with multi-state licensures and coverage in all 50 states, including Washington, D.C. Your Highmark patients can seek treatment for chronic conditions, new diagnoses, or follow-ups with a Well360 dermatologist (up to 30 days) for nearly 3,000 skin, hair, and nail conditions.

Well360 Virtual Health Powered by Amwell – Women's Health Clinic

Well360 Virtual Women's Health clinic allows patients to seek treatment, prescriptions, and consultations for a variety of acute and chronic conditions from endometriosis to urinary tract infections and sexually transmitted infections. Your patients can also seek therapy services (ages 10+) for pregnancy and postpartum needs as well as lactation counseling (ages 16+).

Diabetes Management – Expansion to Include Type 1 Diabetes

To complement our existing program for Type 2 Diabetes, we will be adding an option for members with Type 1 Diabetes to “bring your own device” for self-management and virtual support and remote monitoring between office visits. Please be sure to carefully code your patients with diabetes as either Type 2 or Type 1, so we can offer the appropriate program to our members.

More details will be provided around these new programs in 2024, as they begin to roll out to our eligible members.

Additional information about these programs can be found on the Provider Resource Center by clicking **Education/Manuals > [Clinical Support Programs](#)** .

Issue 12, December 2023

January is Cervical Cancer Awareness Month

Despite advances in prevention, cervical cancer remains way too prevalent. In 2020, 11,542 cervical cancer cases were diagnosed in the United States, and 4,272 women died from this disease, according to the latest statistics from the [Centers for Disease Control and Prevention](#) .

Cervical Cancer Awareness Month, which occurs during January, is an excellent opportunity to further educate patients about what can be done to fight this devastating disease.

The American College of Obstetricians and Gynecologists recommends using well visits to counsel patients on maintaining a healthy lifestyle while minimizing health risk. Vaccination administration and appropriate screenings can help female patients lower their risk of cervical cancer.

Vaccinations

The human papilloma virus (HPV) has been identified as a major cause of cervical cancer. The HPV vaccination can help protect women from multiple types of HPV infection.

The HPV vaccination is routinely recommended for preteens ages 11–12 (can start at age 9). Expanded guidelines for the HPV vaccine now include high-risk adults who are 27–45 years of age.

Screenings

Pap and HPV tests can help identify early signs of cervical cancer and prevent the disease from developing further, making it easier to treat.

HEDIS[®] Measures

The Healthcare Effectiveness Data and Information Set (HEDIS[®]) is a widely used set of healthcare performance measures for a variety of clinical procedures, including cervical cancer screenings. HEDIS measures promote excellent patient care, especially in the critical area of disease prevention.

The Cervical Cancer Screening (CCS) measure evaluates females, 21–64 years of age, who were screened for cervical cancer using any of the following criteria:

- 21–64 years who had cervical cytology performed within the last three years
- 30–64 years who had cervical cytology/high-risk human papillomavirus (hrHPV) co-testing within the last five years
- 30–64 years who had cervical high-risk human papillomavirus (hrHPV) testing performed within the last five years.

HEDIS Exclusions for the CCS Measure

- Members with a history of a hysterectomy with no residual cervix, cervical agenesis, or acquired absence of cervix.
- Members currently in hospice and/or have received hospice services during the measurement year.
- Members currently receiving palliative care any time during the measurement year.
- Members who died any time during the measurement year.

Tips

- **Exclusions** – Look back as far as possible in the member’s history for exclusions.
- **Closing Gaps** – Be proactive by evaluating practice processes for opportunities to close care gaps every time a patient is seen.
 - Always document the date and result of the

most recent exam.

- **Hysterectomies** – Documenting that a member had a hysterectomy does not exclude the member unless the cervix is totally removed.
 - If a member had their cervix removed, please indicate with the appropriate ICD-10 codes.
- **Biopsies** – Do not count biopsies as they are diagnostic and therapeutic only. These are not valid for primary cervical cancer screening.
- **Labs** – Lab results that indicate the sample contained “No Endocervical Cells” may be acceptable if a valid result is reported for the test.
- **Documentation** – The medical record must include the following:
 - A note indicating the date the procedure was performed.
 - The result or finding.

Annual gynecological exams can be a life-saving appointment – remind your patients about their importance!

January Coding Webinar: **Acute vs. Chronic Conditions**

“[Outpatient Setting: Acute vs. Chronic Conditions](#) ” will be the topic for the Coding and Quality Knowledge College webinar on **Wednesday, January 10, 2024, at 12:15 p.m.**

Throughout the year, the college presents webinars aimed at providing education on the proper coding of medical diagnoses, along with the associated quality measurements that impact documentation. Starting in April 2024, the webinars will move from a quarterly schedule to a monthly one.

Continuing Medical Education (CME) Credits

Attendees are eligible to receive 0.5 CME credit. Preregistration is required and an Allegheny Health Network (AHN) CME account is needed to receive credit. You can learn more about the Coding and Quality Knowledge College on the Provider Resource Center (PRC) via [Availity](#)  or [NaviNet](#) .

Availity

- Log in
- Under the **Payer Spaces** tab, select your Highmark plan.
- Once on the page, click the **Provider Resource Center** tile, which can be found under **Applications**.

NaviNet

- Log in
- Choose **Resource Center** from the left menu

For Both

After you are redirected to the PRC:

- Select **EDUCATION/MANUALS** from the left menu
- Click **Coding Education/HCC University**

Once there, you can find instructions to create an [AHN CME account](#) , register for the next class, or view past coding webinars. To register for the January webinar on **Outpatient Setting: Acute vs. Chronic Conditions**, go [here](#) .

New and Updated Reimbursement Policies

Highmark regularly issues new or updated reimbursement policies. Keep an eye on this newsletter and the Provider Resource Center (PRC) homepage for announcements regarding upcoming policy changes. As specific policy changes go into effect, the updated policies can be found on the Reimbursement Policy page of the PRC.

Below is a list of recent and upcoming updates to Reimbursement Policies (RPs):

UPCOMING

January 1, 2024

MRP-006 [Wrong Surgery](#) 

Effective **December 31, 2023**, this policy is being archived. The direction of this policy will be merged into a new version of RP-036 (see below), which takes effect **January 1, 2024**.

RP-010 [Incident To Services](#) 

This policy will no longer be applicable to the Pennsylvania Commercial Market.

RP-036 [Preventable Serious Adverse Events](#) 

This policy will be updated to include a Medicare Advantage section containing direction merged from MRP-006 (see above).

RP-057 [Evaluation & Management Services](#) 

The note included under “Level based on Medical Decision Making (MDM)” will be updated.

RP-072 [Injection and Infusion Services](#)

Effective **January 1, 2024**, Highmark will be applying a system enhancement to identify when chemotherapy administration codes are billed and enforce the direction currently defined on **RP-072**. For providers, this enhancement will reduce administrative costs associated with claim audits and adjustments by supporting the correct adjudication of claims before the finalization of initial claim processing.

In addition, the description for code 96361 will be updated.

January 15, 2024

RP-037 [Emergency Evaluation and Management Coding Guidelines](#)

Outpatient surgery will be removed from the exclusion criteria.

April 1, 2024

RP-034 [Prolonged Detention or Critical Care](#)

Code 93598 will be added to the “Prolonged Detention or Critical Care” section of this policy.

Authorization Updates

During the year, Highmark adjusts the [List of Procedures and Durable Medical Equipment \(DME\) Requiring Authorization](#) . For information regarding authorizations required for a member's specific benefit plan, providers may:

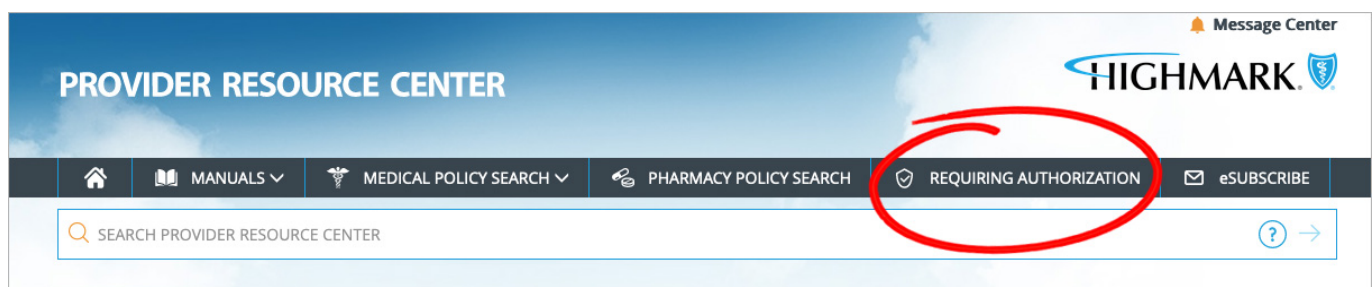

- Call the number on the back of the member's card,
- Check the member's eligibility and benefits via [Availity](#)®  [NaviNet](#)® , or
- Search BlueExchange through the provider's local provider portal.

These changes are announced in the form of Special Bulletins and other communications posted on Highmark's Provider Resource Center (PRC). The most recent updates regarding prior authorization are below:

[Federal Employee Program: High-Cost Drugs to Require Prior Authorization](#) 

[Upcoming Prior Authorization Changes on March 1, 2024](#) 

To view the full List of Procedures/DME Requiring Authorization, click **REQUIRING AUTHORIZATION** in the gray bar near the top of the PRC homepage.

Once redirected to the **Procedures/Service Requiring Authorization** page, click **View the List of Procedures/DME Requiring Authorization** under **PRIOR AUTHORIZATION CODE LISTS**.

Please note that the Highmark member must be eligible on the date of service and the service must be a covered benefit for Highmark to pay the claim.

[Availity](#)  or [NaviNet](#)  is the preferred method for:

- Checking member benefits and eligibility
- Verifying whether an authorization is needed
- Obtaining authorization for services

About This Newsletter

Provider News is a valuable resource for health care providers who participate in our networks. Published monthly on the last Monday of the month*, *Provider News* conveys important product, policy, and administrative information, including billing, claims, and program updates.

The publication also features the latest news, information, tips, and reminders about our products and services, as well as relevant interviews, articles, and stories, for health care professionals who serve Highmark members.

Regular topics include:

- New and Updated Reimbursement Policies
- Authorization Updates
- Staying Up to Date with the *Highmark Provider Manual*

*When a holiday falls on the last Monday of the month, *Provider News* will be published on the preceding Friday.

Another Valuable Resource

For medical policy and claims administration updates, including coding guidelines and procedure code revisions, please refer to the [Medical Policy Update Newsletter](#) .

You can access both *Provider News* and the Medical Policy Update Newsletter on the Provider Resource Center from the **NEWSLETTERS/NOTICES** link on the sidebar. Email subscriptions are available via the **eSubscribe** button on the PRC taskbar.

Comments/Suggestions Welcome

We want *Provider News* to meet your needs for timely, effective communication. If you have any suggestions, comments, or ideas for articles in future issues, please email the *Provider News* team at ResourceCenter@Highmark.com .
